DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 07 February 2005 has been entered.

Allowable Subject Matter

2. Claims 1-20 are allowed.

3. The following is an examiner's statement of reasons for allowance: The subject matter of the independent claims could either not be found or was not suggested in the prior art of record. The subject matter not found was an injector system having an injection head unit with a pressurizing member, a stationary base unit adapted to be attached to a surface other than a surface of the injector system and a connecting member connected to the injection head unit and the stationary base unit in combination with the other elements (or steps) in the claims. Applicant's arguments, see p. 6, line 10 through p. 8, line 31, filed 07 February 2005, with respect to claims 1-20 have been fully considered and are persuasive. The rejections under 35 U.S.C. §102(b) and 103(a) have been withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
